Qianlong Sang

hacksonsang@gmail.com · Wuhan University · codefuturesql.top

Research Interests

My current research interests focus on performance-power co-optimization across traditional and machine learning workloads on mobile heterogeneous systems. My work combines adaptive task scheduling, DVFS, and lightweight learning to address ML-specific challenges (dynamic computation graphs, memory intensity) under strict thermal/battery constraints.

Education

Wuhan University, Computer Science and Technology — Ph.D. *2022.9 - Present*

Wuhan University, Cyber Science and Engineering — B.S. *2018.9 - 2022.6*

Under Review

Project Experience

Technology Lead. Ongoing. Thread Identification in the Diverse Rendering Pipelines of Mobile Devices. *2024.05 - 2025.04*

Supported by OPPO.

- Responsible for analyzing diverse rendering pipeline processes at the upper levels.
- Responsible for instrumenting interfaces that reflect dependency relationships across different layers of the system.

Technology Lead. Finished. DVFS Energy Consumption Modeling and Algorithm Technology Cooperation. *2024.04 - 2024.12*

Supported by Huawei Technologies Co., Ltd.

- Responsible for improving the accuracy of load statistics in the system.
- Responsible for enhancing the algorithms for frequency scaling in the system.

Technology Lead. Finished. Scheduling and DVFS Technology for Mobile Devices Performance and Power Consumption Awareness. *2021.12 - 2022.11*

Supported by OPPO.

- Responsible for utilizing reinforcement learning algorithms for frequency scaling to make smarter decisions.

- Responsible for achieving performance goals and reducing power consumption through joint scheduling and frequency scaling.

</> Internship

OPPO Research Intern *2022.2 - 2022.5*

- Performance Analysis
- Power Optimization

Teaching

Teaching Assistant:

Data Structure *2023*

Operating System *2021*

YSYX Project of Beijing Institute of Open Source Chip *2021*

Awards

Second-Class Scholarship for Outstanding Students, Wuhan University, 2021 *2021*

Third Prize, NSCSCC Team Competition, 2020 *2020*
